CONDITIONS OF APPROVAL

1. This right is limited to the irrigation of 60 acres within the place of use described above in a single irrigation season.
2. Rights 2-202A and 57-7100 when combined shall not exceed the irrigation of 111 acres.
3. Right 57-7051A is currently appurtenant to a part of the place of use described above. However, Right 57-7051A is currently leased to the Water Supply Bank and is not being used at its authorized place of use. If the use of Right 57-7051A resumes on its currently described place of use, it shall not exceed 3.22 cfs and the irrigation of 161 acres when used in combination with Rights 2-202A and 57-7100. If the purpose of use or place of use for Right 57-7051A is changed through a transfer approved by the Department before its currently authorized use is resumed, the combined use limits will be evaluated in the transfer process and may not apply.

WATER RIGHT NO. 2-202A
As Modified by Transfer No. 73775

CONDITIONS OF APPROVAL

4. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.
5. The period of use for the irrigation described in this approval may be extended to a beginning date of 3/1 and an ending date of 11/15 provided that beneficial use of the water can be shown and other elements of the right are not exceeded. The use of water before 3/15 and after 10/31 is subordinate to all water rights having no subordinated early or late irrigation use and a priority date earlier than the date of this approval or originating approval/SRBA partial decree date.
6. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the lands above.
7. The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.
8. Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
9. Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.

This water right is subject to all prior water rights and shall be administered in accordance with Idaho law and applicable rules of the Department of Water Resources.
