

MEMORANDUM

Date: December 10, 2009
To: Transfer 73776
From: nvandyke
Re: final changes

As a result of two petitions for reconsideration and subsequent orders, it has been determined that associated right 57-7051A does not need to be considered associated to this transfer. An amended approval incorporating the changes made by both orders will be issued. Therefore the conditions in workflow pertaining to this transfer are not accurate. See file for final amended approval.
