RE: Assignment of Permit #74-7250B

Dear Claimant:

The Department of Water Resources acknowledges receipt of your Assignment of Permit for Water Permit 74-7250B received on March 27, 2009.

The Assignment of Permit you submitted was completed by Adrian Rand Robinson as the current permit holder. Our records indicate that Robert and Kelly Thomas are the current permit holders. A valid Assignment of Permit needs to be completed by the current owner on record. Therefore, we contacted your office on 04/28/2009 and advised the Assignment of Permit would need to be completed by Robert and Kelly Thomas.

As of today, we have not received the requested information. Therefore, please consider this letter our 2nd request for the information needed to process your information.

Because the Department cannot process the ownership change without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information or fees. If we do not receive the necessary information or fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Bobby Kern
Office Specialist II
