PROPOSED CHANGE OF WATER RIGHT(S)

Gregory & Joyce Troost of 30540 Sabin Rd., Parma ID 83660 filed 2 transfer applications for ground water irrigation and dairy rights mostly in Payette County, with a portion in Canyon County as follows. Application No. 73902 for Farm #2 to transfer 5 water rights with priority dates from 1955-1979 totaling 9.52 cfs for irrigation. The purpose of the transfer is to split 2 rights and move 38 acres of irrigation from Farm #1 and to combine all the rights to use 3 existing wells to irrigate 491 acres in a 640 acre permissible place of use. Application No. 73903 for Farm #1 to transfer 5 water rights with priority dates from 1955-1979 totaling 14.15 cfs for irrigation and existing dairy uses. The remaining portions of the above referenced split rights will be combined with the other rights to use 6 existing wells to irrigate 640.1 acres in a 1002 acre permissible place of use. The transfer also corrects the recorded location of the dairy wells (no physical change). New wells are not proposed. The transfers basically move 38 acres of irrigation from one farm to the other one and then reconfigure the rights at each farm for maximum flexibility. Existing dairy operations are not being changed. The site for both applications is several miles northeast of Parma where Canyon and Payette Counties meet. For specific details regarding the applications, please contact the Idaho Department of Water Resources (IDWR) Western Region at 208-334-2190 or visit HYPERLINK "http://www.idwr.idaho.gov" www.idwr.idaho.gov with detail provided under "new water right applications." Protests may be submitted based on the criteria of Sec 42-222, Idaho Code. Any protest against the proposed change must be filed with the Director, IDWR Western Region, 2735 Airport Way, Boise ID 83705-5082 together with a protest fee of \$25.00 for each application on or before December 7, 2009. The protestant must also send a copy of the protest to the applicant. GARY SPACKMAN, Interim Director
