Sandy,

Please edit the attached license document to reflect the one in file 25-7500 (your basket) labeled "Permit". The first 4 conditions were automated & will have to be added by hand. Make sure everything else is the same as the original. We may have Jeff sign it.

25-7500
License.RTF

Then we will send a copy to Luke Marchant at Holden, Kidwell(see attached document below for address) with a simple letter noting that a copy of the requested License is enclosed. No other explanation necessary.

Come see me when the license & letter are ready for signature.

Subject: 25-7500 License

Shelley and Pam,

Friday I received a call from Luke Marchant from Holden, Kidwell, Hahn, and Crapo, P.L.L.C. He wanted to get a copy of the license for City of Idaho Falls that was issued on June 22, 1998. I looked in the file and microfilm but never found a license. There were two Permits to Appropriate Water. On the one dated June 22, 1998, after the conditions it states, "This license is issued....." I would say that the license was issued on a permit form for some reason.

Luke Marchant has requested that an actual license be issue for 25-7500. How can I get that happen? If there is anything I can do, please let me know.

I have included the permit and letter from Luke Marchant for you to review.

Thanks,

Denise Kidman
