RE: Change in Ownership for Water Right No. 29-13364

Dear Kert and Louise:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

During our review of the documentation you submitted we found some discrepancies between that documentation and the legal description of the place of use for the water right indicated in your notice. I have enclosed a copy of a map for your reference. On your Notice of Change in Water Right Ownership you indicated Water Right #29-13364. However, per the information on your Deed you actually own only a portion of another Water Right #29-13486. Unless you have another deed that verifies purchase of additional land, the 29-13486 will need to be split. The fee to split a water right is \$100.00. **Since you already paid \$25.00, an additional \$75.00 is needed to complete this change.**

Because the Department cannot process the ownership change without proper documentation and fees, we will hold any action on your notice pending receipt of the necessary information or fees. If we do not receive the necessary information or fees within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Bobby Kern
Office Specialist II
