WATER RESOURCES
WESTERN REGION

Ms. Lori Harris

State of Idaho, Department of Water Resources, Western Region
2735 Airport Way
Boise, ID 83705-5082

Re: Change of Ownership, Water Rights 63-32235, 63-4695, 63-17863, 63-31312 and 63-31313

Ms. Harris:

Attached is a Change of Ownership form for the above referenced water rights. The water rights are shown on the Department's records with the current owner being South Channel LLC. Orion Holdings LLC recently acquired the entire property associated with these water rights and the water rights need to be changed to reflect this new ownership.

The Change of Ownership Application Item 2c requires submittal of a property plat or survey map showing the points of diversion and places of use for the water rights. Attached please find Figure 1 from the approved application for Water Right 63-32235 showing the points of diversion and places of use for the aesthetic storage ponds. Also attached please find Figure 2 from the approved Transfer Application #72596 showing the points of diversion and permissible places of use for Water Rights #63-4695, 63-17863, 63-31312 and 63-31313. Please note that Transfer Application #72596 also included a portion of the Mace Catlin Mutual Ditch Company Water Right #63-132. However, the ownership of that water right is unaffected by this application.

Please call with any questions or if you need additional information.

Sincerely,
T-O Engineers

Steven E. Holt, P.E.

cc: Don Newell, Orion Holdings LLC.
