RE: Water Right No. 47-13363 Change in Ownership

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

_____ **Evidence of Water Right Ownership:** copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question. In April we requested this information plus fees to change the ownership. We received the fees but not a deed putting the property into the name of Lanting Enterprises. We cannot change the name on the water right without this documentation.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Sandy Egbert
