PROOF DEFICIENCY LETTER

RE: PERMIT NO. 15-7158

Dear Permit Holder:

During my review of your statement of completion ("proof") for this water right, I noticed that the proof form you submitted is incomplete. More specifically, parts 2 and 6 of this form have not been filled out. I also noticed that the license examination fee was not fully paid at the time of filing proof. The license examination fee is based on the maximum rate of diversion that was developed, and is for the department to conduct a beneficial use field examination of the water system to verify its use. Your proof statement cannot be processed without submittal of the entire license exam fee. The permit was issued with a maximum diversion rate of .80 cfs, from ground water. Based on your maximum diversion rate, the amount still owed is \$50.00. I am enclosing a copy of your permit along with a license examination fee schedule for your reference.

Enclosed is the original Statement of Completion ("proof") form you filed. I am returning it to you and request that you fill out parts 2 and 6 of the form to reflect what was permitted. Upon receipt of a completed proof statement and license examination fee I will be able to move forward with processing your proof. A copy of your proof form will be kept in your file until the completed proof statement has been received.

I will hold this matter for your response for fifteen (15) days from the date of this letter. I am enclosing a copy of your permit along with a license examination fee schedule for your reference.

If you have any questions, please contact me at (208)287-4945.

Sincerely,
