RE: Application for Permit No. 01-10566 (Southwest Irrigation District)

Dear Mr. Parsons:

The Department of Water Resources acknowledges receipt of the water right application on behalf of your client. Please refer to the above referenced number in all future correspondence.

A legal notice of the application has been prepared for publication. Because the application is in excess of 10.0 cfs, this office has scheduled publication of the application statewide in the Idaho Statesman, Lewiston Morning Tribune, Post Register, and Times News on 12/3 & 12/10/09. Submittal of protests to the application will be allowed for a period ending ten days after the second publication. (**December 21, 2009**)

If an application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If an application is not protested, final processing may occur at the Regional level or it may be forwarded to our State Office in Boise. You will be notified of any action taken on the application and a copy of the permit, if approved, will be provided. A typical processing time for an un-protested application is about eight weeks.

Please feel free to contact this office if you have any questions.

Sincerely,

Mary A. Baldwin
Administrative Assistant I
