Good Afternoon Sharla:

Maybe we can save our agencies and ourselves some time and money regarding the following Application for Permit.

Our office reviewed Application for Permit #75-07588 for Bill Gattung from the IDWR New Water Rights filing report dated June 29, 2009 (Attachment A); a copy of the Application for Permit from IDWR's website (Attachment B); the Form #202 submitted by the applicant to IDWR (Attachment C); and the legal notice from the Recorder-Herald (Attachment D).

(See attached file: Attachment A.pdf) (See attached file: Attachment B.pdf) (See attached file: Attachment C.pdf) (See attached file: Attachment D.pdf)

Our MTP (Attachment E & Attachment F) indicates the following:

(See attached file: Attachment E.pdf) (See attached file: Attachment F.pdf)

May be missing lot #s: POU: T20S R21E S12 SESE
T20S R22E S07 NWSW SWSW

Also: POU: T20S R22E S09 NENW; may be missing a lot # and is a mixed 1/4 1/4. BLM requires a more specific legal description to ensure the land is private (ie. T20S R22E S07Lot 9 NESW), and not public land. A lot # correction where applicable and the statement: "Place of Use does not include Federal public lands" will resolve BLM's concerns.

BLM will not file a protest if the legal descriptions are corrected before the protest deadline. The deadline to file a protest is July 20, 2009.

Thank you for your assistance. Have a GREAT week!

Lin
