PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 21-13110

Dear Permit Holders:

The department would like to thank you for returning the signed proof of beneficial use form for the above referenced permit. It was an oversight on our part to process and acknowledge your proof statement without the signature. Your proof received date had to be changed to reflect the received date of the signed form. The proof received date for your proof of beneficial use is November 18, 2009. The Department's database records have been changed to reflect this received date. The next step in the process of developing a water right is for the department to contact you to schedule a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

Be advised that Section 42-248, Idaho Code, requires water right owners to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions about the field examination, please contact the **Eastern** Regional Office of the department in Idaho Falls at (208) 525-7161.

Sincerely,

Darla Block
Technical Records Specialist
Water Allocation Bureau
