RE: City of Newdale Application for Transfer

Dear Mr. Jordan:

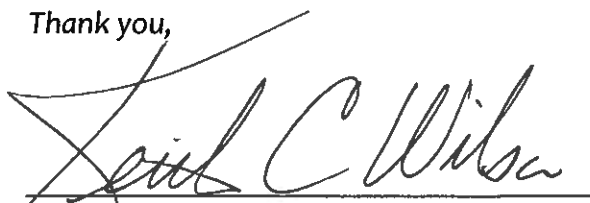

Attached is a corrected Application for Transfer for the City of Newdale, a copy of the purchase agreement between the City of Newdale and Norvue Farms and a copy of the un-recorded deed. The deed has been submitted to Madison County and a copy of the recorded deed will be provided as soon as the county has provided the applicant with a recorded copy. According to Winston R. Dyer, City Engineer, Madison County takes 10 to 14 days to record a deed.

In a phone conversation (0900 hrs, 11-17-2009) with the Madison County Assessor all of Sec 7, T06N, R42E, is owned by Norvue Farms and that Norvue Farms is owned by the Crapo's. According to your letter you are aware that Crapo Farms is the owner of the land at the location of the new point of diversion. A check of the Secretary of State Business Entity web site revealed that the only listing for Norvue Farms is "Nor Vue LLC." that was "ADMIN DISSOLVED 06 Jun 2001", with Richard L. Crapo as the registered agent. The Secretary of State Business Entity web site also lists Richard L. Crapo as a partner in Crapo Farms. Hopefully this does not create a problem since Richard L. Crapo is associated with both entities. (See attached Secretary of State Business Entity search results.)

It would be appreciated if the processing of the transfer could resume and would continue until a recorded copy of the deed can be provided.

If there are any problems please feel free to contact me immediately so that I can rectify any problems or provide any additional documentation/information. Your kind consideration will be appreciated.

Thank you,

Keith C. Wilson
