RE: Application for Transfer

Dear Applicant(s):

The Department of Water Resources has received your application for transfer. Preliminary review of the application indicates that it is incomplete and cannot be accepted for processing. We are returning your applications to allow you to complete the necessary items. The required information is described below.

Both water rights are still in the permit stage. We can not process a transfer or ownership changes on a permit. This is only allowed if the water right is either a license or decree. A change to a permit needs to be processed on an Amendment of Permit. As far as the ownership, you will need to do an partial Assignment of Permit. I have enclosed copies for your use.

Please feel free to contact this office if you have any questions.

Sincerely,
