RE: Water Permit 79-7210

Dear Mr. Beck,

On August 21, 2009 I sent you a letter regarding the matter of licensing the Idaho Fish and Game outstanding permit 79-7210 for Tolo Lake. I have not heard back from you on this matter. At this time I would like to start bringing these issues to close. To remind you of the outstanding issues pertaining to these permits and water rights I have included a copy of the letter from August 21st for your review.

The enclosed Application for Amendment forms depict the elements of the water right as they will appear on the licenses when issued. Please review the amendment forms carefully. If you concur with the information presented, please sign the forms and return them with a \$50.00 filing fee within 30 days.

If you have any questions regarding this matter please contact me by email at mathew.weaver@idwr.idaho.gov or by telephone at (208) 287-4914.

Respectfully,

Mathew Weaver, PE
Staff Engineer

RE: Water Right Permit No. 79-07210

Dear Permit Holder(s):

The Department of Water Resources is reviewing the permit referenced above prior to issuing a water right license. By issuing a license, the Department confirms the extent of development established, to be in compliance with the terms of the permit. During my field examination and coordination with Robert Hand and Roy Kinner I verified your water use and determined that certain elements of the permit have been developed differently than described on your permit. Changes that do not increase the authorized use of water under the permit can be requested and approved in accordance with Section 42-211, Idaho Code. Before a license can be issued, your permit must be amended to depict your water use as it was actually developed.

Based on the examiner's report, the following elements were developed differently than described on your permit:

☒ **Point(s) of Diversion**

☐ **Place(s) of Use**

☐ **Other**

The enclosed Application for Amendment form depicts the elements of the water right as they will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the \$50.00 filing fee within 14 days.

If you have any questions, please call me at (208) 287-4914

Respectfully,

Mathew Weaver, PE
Staff Engineer
