Steve Lester
IDWR Western Region Office
2735 Airport Way
Boise, ID 83705Subject: 4/14/2008 Application for Transfer (2-2251, 2-10017)
4/25/2008 Application for Transfer (2-10238 through 2-10243, 57-2254)

Dear Steve,

We submitted a transfer application on behalf of Dale and Jackie Van Es April 14, 2008 and paid a \$2,732.70 filing fee based on total volume proposed for transfer. Because the transfer involves irrigation use and not storage use, total flow rate proposed for transfer can be used to determine the filing fee. As a result, the required filing fee is \$1,190 (based on 29.0 cfs combined diversion limit) rather than the \$2,732.70 amount paid.

We submitted a second transfer application on behalf of Dale and Jackie Van Es April 25, 2008 and paid a \$1,582.90 filing fee based on total volume proposed for transfer. Again, because the transfer involves irrigation use, total flow rate proposed for transfer can be used to determine the filing fee. As a result, the required filing fee is \$810 (based on 14.47 cfs) rather than the \$1,582.90 amount paid.

Please refund Dale and Jackie Van Es the excess fees paid.

Thanks Steve. Let me know if there are any questions.

Sincerely,

Lori Graves
Water Rights Specialist

Cc: Dale and Jackie Van Es
