Subject: Application for Transfers No. 74776 and 74753

Dear Angie,

Enclosed are amended pages and maps for Transfer Application No. 74776 in response to your information request letter dated July 14, 2009 and a signature page for Transfer Application No. 74753 that includes Jackie Van Es' signature that you requested in our telephone conversation.

The proposed amendments to Transfer Application No. 74776 exclude lands currently irrigated with Gem Irrigation District water and lands not owned by the applicants in the Sections 16 and 20 that were originally proposed. As a result of these changes, the proposed permissible place of use (ppu) has been reduced from 1,354 acres to 1,256 acres. The amended ppu is shown on the attached topo map and 2006 aerial photo. As requested, both Dale and Jackie Van Es have authorized the amendments with their signatures.

Please let me know if there are any additional questions. Thanks Angie.

Sincerely,

Lori Graves
Water Rights Specialist
