Mr. Honsinger:

We have an old 1997 moratorium application from Mr. Baicy #63-12421 (160 ac irrigation)  
It basically is a duplicate of #63-07431(SRBA decreed for 132 acres).  
Does he really want to develop the additional 28 acres. From the  
shape map it appears this potential acres jog in and under a sprinkler pivot.

Do you still represent Mr. Baicy, or do I need to contact him direct?

John
