RE: CHANGE OF OWNERSHIP FOR WATER RIGHT 29-7000A

In May, 2004 you submitted an ownership change form for the above water rights. In August, 2009 a letter was sent to you from the Department requesting more information.

We have received no documentation so I am returning the Change of Ownership forms and the documentation we received with them and the ownership change will not be processed.

If you would like a refund of the fees you have paid, please send a request for a refund to the Department along with your current address. Mention receipt numbers E029888 and C080996.

If you would like to proceed with the change of ownerships, you may at any time resubmit the proper forms and documentation plus fees.

Sincerrely,
