Subject: Hearing Application for permit-- Hansen #63-33064

Debbie:

I am proposing a Thursday, December 3, 2009 one day hearing date for the above application. Could you reserve SO rooms for this--- 25 people max could attend. Per policy, could you confirm the rooms and date with Jeff & Shelley-- hearing officers. Let me know, and I will have Denise send out notices.

Jeff, Shelley, & Vicky:

This application was the result of a complaint, the applicant had no water right and was irrigating a vineyard between Meridian and Boise. This is a very straight forward groundwater application-- domestic well will be source. The protestants are all neighbors so there will be spouses--intense group. No attorneys have been in the loop yet. Steve Hannula, ERO is consultant for the applicant.

Per the training plan, I think this would be a good case for Vicky to draft the decision with the hearing officer.

John

Confirmed 8/31 - Debbie Gibson.
