Subject: Application for Transfer of 67-7598

Steve -

Tamarack Energy Partnership asked me to respond to your letter of 9/7/01

regarding the above referenced transfer several weeks ago. Before responding, I wanted to get up there and look at a few things. I haven't made it up there yet, but hope to be on site next week. I should be able to respond to all the questions in your letter within the next 10 days. If you need something sooner, please let me know.

Terry
