Re: Application for 75-14461

Dear Charla,

I understand that the protests by Arden Arrington and Shirley Shiley will be rescinded if there is an amendment to Gertrude Maxwell's application for the above referenced water right.

It will be a junior water right with irrigation used after the 1898-1902, 1923 and 1949 rights are satisfied. Since it will be a high water (junior) right, usage will be in the spring when Wallace Creek has a high flow.

The amendment to the application will be to change the period of usage from 4/1-11/1 to 4/1-7/15 or when the flow of the creek drops below the senior water rights.

I hope this will satisfy the protests so that we can go forward with the water application.

Sincerely,

Bill Maxwell
