NOTICE OF AMENDMENT

WILLIAM ARKOOSH, 2005 US HWY 26; GOODING ID 83330 has filed an Application to Amend Permit No. 37-21297 with diversions located within Lincoln County. Application proposes changing the point of diversion and place of use of permit which allows for the diversion of 500 cfs of water from the Little Wood River for power use. The purpose of the amendment is to allow for the construction of a proposed power plant on the south side of the Little Wood River, rather than the currently permitted location on the north side of the Little Wood River. The proposed change in point of diversion results in moving the point of diversion approximately 300 feet upstream from the permitted location to the site of an existing irrigation diversion. The proposed change in place of use is to an adjacent 40 acre tract from the currently permitted location to reflect the power house being located on the opposite side of the river. The project location is approximately 5.7 - 6.4 miles west and 2.1 miles north of the center of Shoshone. Protests may be submitted based on the criteria of Idaho Code § 42-211. Any protest against the approval of the application must be filed with the Director, Dept. of Water Resources, Southern Region, 1341 Fillmore St, Suite 200, Twin Falls ID 83301 together with a protest fee of \$25.00 on or before 10/26/2009. The protestant must also send a copy of the protest to the applicant.
