Re: Water Rights 63-32832 and 63-32834 - Lease of Water Rights to the Water Bank
MTBR&F File No. 18946.6

Dear Aaron:

It has come to my attention that water rights 63-32832 and 63-32834, in the name of Pioneer Irrigation District, may have been inadvertently leased to the Water Bank by the prior owner of the parent water rights to 63-32832 and 63-32834. 63-32832 is a child water right of parent 63-8737 and 63-32834 is a child water right of parent 63-32015, which is a child of parent 63-8738.

For background purposes, Pioneer Irrigation District obtained title to a portion of parent rights 63-8737 and 63-8738, via a recorded deed, from Arbor Ridge, LLC, in November 2003 (copies enclosed). A change of water right ownership was filed with the Idaho Department of Water Resources thereafter, but due to a delay in processing the change of water right ownership, it was not finalized until 2007.

It has recently come to my attention that subsequent to the completion of the change of water right ownership, the prior owner, Arbor Ridge, LLC, submitted an application to lease the parent water rights to the water bank, thereby inadvertently leasing Pioneer Irrigation District's child water rights (63-32832 and 63-32834) to the water bank. The purpose of this letter is to request that Pioneer Irrigation District's water rights, 63-32832 and 63-32834, be immediately released from the water bank.
