PROOF ACKNOWLEDGEMENT LETTER

RE: PERMIT NO. 65-22894

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water.

In response to your request to waive your lockable device requirement, the department has issued the enclosed Order waiving the lockable controlling device condition of your permit. You will be notified by the department if this condition must be reinstated, should there become a need to achieve suitable control of the diversion in the future.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have questions concerning the field examination, please contact the **Western Regional Office** in Boise at (208) 334-2190.

Sincerely,

Darla Block
Technical Records Specialist
Water Allocation Bureau
