Re: Change of Ownership for Water Right 37-10179 and 37-4134

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right to you. The department has modified its records on water right 37-10179 to reflect the change in ownership and has enclosed a computer-generated report for your records.

Water right 37-4134 has not been claimed in the Snake River Basin Adjudication (SRBA). The department does not track ownership on water rights established prior to November 19, 1987 and not claimed in the SRBA as these water rights will be deleted from our database at the conclusion of the SRBA. If you wish to preserve this water right, you must file a late claim. I am enclosing the forms you will need should you choose to do so. The fee paid for the owner change can be applied toward the filing fee. Please contact this office with your decision by **November 13, 2009**.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Trish Fawcett
Technical Records Specialist
