Dear Ms. Ball,

Please be advised, Fonda L. Jovick, Attorney at Law with the firm Paine Hamblen LLP, has been retained to assist Diamond Benchview Water Corporation with the Chain of Title in regards to Water Right 97-7091.

On June 23, 2008, the Waterboard received a letter from you stating the the chain of title was not clear due to the fact that the current water right owner is Frank H. Anselmo, Jr..

I have attached a drafted quit claim deed for your review, in efforts to clear title for the water board. Please advise if this document will comply with your request to clear title for the waterboard.

Thank you for your time and assistance in this matter. Please do not hesitate to contact this office should you encounter any questions, or concerns.

Regards,

TIFFANY J. STORRO
