Dear Emalee,

The following letter and enclosures are in response to your letter dated September 10, 2009 regarding information needed for reinstatement of lapsed permit 78-12159.

The permit was active February 8, 2002 to October 1, 2007. Aerial photos showing partial development of the subdivision in 2004 and 2006 are attached to provide evidence of beneficial use within the permit's active timeframe.

A beneficial use field report with the statement of completion for submitting proof of beneficial use are also enclosed for permit 78-12159.

A beneficial use field report for associated water right 78-7396 has also been prepared and included with the statement of completion for submitting proof of beneficial use.

Please let me know if there are any questions. Thanks Emalee.

Sincerely,
