October 6, 2009

Dear Mr. Keen,

The Kootenai Environmental Alliance would like to request a modification to Water Permit No. 95-9323 in order to better reflect the intention of our agreement with Fernan Estates Corporation, the Water Right holder. We suggest that Number 4, Page 1 be modified to read "The *average* daily diversion volume (*based on annual usage*) for this municipal right shall not exceed 100 gallons for the common area and 900 gallons per home that has been constructed."

Thank you very much for your attention to this matter.

Sincerely,

Julie VanMiddlesworth
Environmental Scientist
Kootenai Environmental Alliance

Keen, Shelley

Shelley,

It was a pleasure to talk with you today. Attached is an electronic copy of our permit modification request which clarifies the average daily diversion rate based on annual usage. I will send a hard copy as well.
