Receipt No. 0089236

REQUEST FOR EXTENSION OF TIME

TO PROVIDE ADDITIONAL TIME IN WHICH TO SUBMIT PROOF OF
BENEFICIAL USE FOR A WATER RIGHT PERMIT

The Idaho Department of Water Resources will consider this form as a request that the permit holder(s) be granted an additional period of time under the provisions of Section 42-204, Idaho Code in which to complete development of a water right and file proof of beneficial use of water. There is a **FILING FEE** of \$50.00 to be included with this form when filed with IDWR.

Permit No. 22-13717 Date Proof is Due: October 1, 2009

Name(s) of Permit Holder: City of Victor

Address: P.O. Box 122 City Victor State ID Zip 83455

Telephone No. (208) 787-2940 Email: rheuseveldt@sunrise-eng.com

Describe what work has been completed toward the development of this water right:
(This must be filled out! If no work has been completed, show "none".)

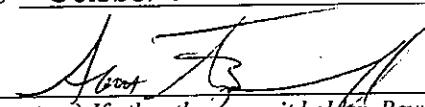

The City of Victor has submitted an Application for Ammendment of a Permit for this water right. The proposed location or new point of diversion for the permit is the same location as Permit No. 22-13265. The City is currently in the process of placing a new municipal well at this location. Pump tests for the new well have revealed that this location has the capacity of producing more water than what was permitted under 22-13265. For this reason the City is trying to Change the Point of Diversion for 22-13717 to this location in order to utilize the well to its full capability.

Costing \$ \$142,740

The permit holder(s) has been unable to complete the remainder of the work for the following reasons:

Originally the proposed municipal well was part of a development which ran into financial issues and is not continuing. The City needs the well to meet the source requirements per DEQ regulations and has taken over the design and construction of the well. The City has paid the driller for work completed on the well and is currently in negotiations with the project engineer to complete the work. The City is actively pursuing the completion of this well and anticipates that the project should be completed by Early Spring 2010.

Permit holder(s) request an extension to October 1, 2010.

(Signature) If other than permit holder, Power of Attorney must be supplied. 8/25/09 (Date)

ACTION OF THE DEPARTMENT OF WATER RESOURCES

IT IS HEREBY ORDERED that the above request for extension of time be APPROVED and the time within which to submit proof of beneficial use is extended to October 1, 2010.

Signed this 6th day of October, 2009.

Jeff Peppersack, Chief
Water Allocation Bureau
