PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 63-31995

Dear Permit Holder(s):

During my review of your statement of completion ("proof") for this water right, I noticed the permit number listed under part 1 of the proof form you submitted does not match a number used by the Department on a permit to appropriate water. The permit number referenced in your letter of September 11, 2009 does match the number on your permit to appropriate water, therefore this is the permit number the Department used to process your proof of beneficial use. Please notify the Department if the above referenced permit number is incorrect.

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions about the field examination, please contact the **Western** Regional Office of the department in Boise at (208) 334-2190.

Sincerely,
