Re: Application for Transfer; Portion of IDWR Water Right No. 2-2053.

Dear Pam:

Enclosed for filing is an application to transfer 0.31 cfs/15.63 acres out of the 4.22 cfs/211 acres licensed under the above referenced water right to a new point of diversion and place of use. Also enclosed is a \$250.00 to be applied toward your filing fee.

This transfer is being filed in order to resolve an objection pending in the SRBA to this water right by the US BLM. As a temporary means of authorizing the diversion of the 0.31cfs on the 15.63 acres described under the transfer application, I am also enclosing an application to lease this same water to the Water Supply Bank and an Application to Lease from the Bank in an attempt to resolve the pending objection.

Please contact me if you need any additional information to process the enclosed applications.

Sincerely,

Vic Conrad
