Jeannie,

Thank you for discussing the Baker transfer with me. I understand the application was confusing because the place of use (Item 5) included all of the water rights, not just those we were seeking to change.

I've attached an addendum page that should simplify your review. Please let me know if you also want a hard copy.

No changes to the place of use for water rights 72-202A, 72-202D, 72-202E and 72-202G are intended by this transfer application.
