PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 91-7163

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

During my review of your proof statement and your water appropriation permit, I noticed you stated that you are irrigating 0.83 acres under your domestic use for 1 home. According to Section 42-111, Idaho Code, "domestic purposes defined", the use of water for one home is limited to irrigation of up to one-half ½ acre of land or 0.50 acres. You must limit your irrigation use as defined by Idaho Statute. If needed, you may apply for another water right to cover additional water use. Application forms are available from any department office, or at the department's website at: www.idwr.idaho.gov

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions about the field examination, please contact the **Northern** Regional Office of the department in Boise at (208) 762-2800.

Sincerely,

Darla Block
Technical Records Specialist
