RE: WATER RIGHT APPLICATION FOR CLEM YANCEY

In response to your letter dated 10 June 2009, this office has no objections to the application to Permit No. 35-13919. After reviewing the records for the New Meadows Subdivision, it was found that this subdivision was approved for individual wells and municipal sewer served by the Groveland Sewer District.

If you have any further questions, please feel free to call me at 785-2160.

Sincerely,
