RE: Change of Ownership for 34-13737 and 34-13738

-----  
Background: During transfer number 69785 water right number water right number 34-2437B was split as follows:

34-2437B for 40 acres .43 cfs and 140 af  
34-13737 33 acres .35 cfs and 115.5 af -Robertson  
34-13738 7 acres .08 cfs and 24.5 af – Pritchett

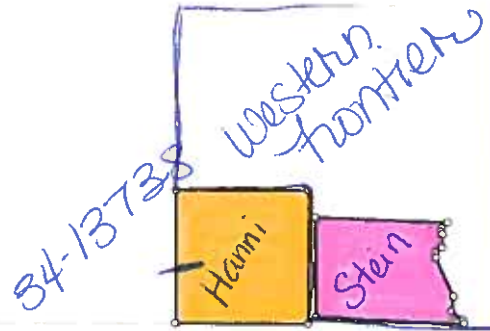

Since the transfer was complete the department has received 3 ownership changes. Two have been processed one for Western Frontier LLC and one for Harold Stein. The one for Western Frontier LLC was submitted for the 34-13737 still in the name of Robertson excluding the portion sold to Pritchett. Then the department received an ownership change from Harold Stein listing water right number 34-13738, this ownership change was processed-it should have not been completed under water right 34-13738 that water right is for 7 acres and Stein purchased 5 acres which covers a portion of water right number 34-13737. That ownership change should have split 34-13737. the department has an unprocessed ownership change for Charles Hanni, during the research of this ownership change the errors were found and will be corrected when this ownership change is completed. On July 10, 2009 the department sent a deficiency letter to Charles Hanni requesting additional information.

So changes will be made as follows.

34-13737 will be split giving Harold Stein 5 acres of this water right and the remaining portion still in the name of Western Frontier LLC for a total of 28 acres.

34-13738 Stein will be removed as a owner of the water right and Charles Hanni will be made as current owner.

The POUs will be updated to reflect the correct shapes.
