Re: Application for Permit No. 63-12459

Dear Applicant:

Enclosed is another protest filed against the issuance of a permit pursuant to the above-referenced application. The Department suggests that you contact the protestant and attempt to resolve the protest.

If this office has not been advised within twenty (20) days that the protest have been resolved, the matter will be scheduled for a conference. The following are the criteria the Department must consider (per Section 42-203A, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purposes intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?
5. Will the proposed use under this permit conflict with the local public interest?
6. Will the proposed use be contrary to conservation of water resources within the state of Idaho?

Please contact this office if you have questions regarding this procedure.

Sincerely,

A handwritten signature in cursive script that reads "Gary Spackman".
