RE: PROTESTED WATER RIGHT FILINGS

Dear Tim:

I received your fax letter dated August 30, 1998 regarding resolution of the protested water right applications related to your property. This office plans to schedule a meeting for early October in an effort to resolve the matter. You can expect to hear from this office soon regarding scheduling details.

Also, your point is well taken that the protestant has not submitted the information requested in my letter of July 31, 1998. Therefore, the applicants have not been adequately informed about the nature of the protests. The protestant should provide the applicants with a copy of any response to this office regarding the July 31 letter. In this case, the applicants are you and the Ballentyne Ditch Company (application no. 63-12459 and Transfer No. 5284, respectively).

Please let me know if you need additional information.

Sincerely,

A handwritten signature in cursive script that reads "Steve Lester".
