RE:

Protest -

Kenley called to ask for letter in response to his protest supplement faxed to IMAU

done - recently. Asked that acknowledgment letter include:

a) those are the topics we discussed & prior office visit (he, Lisa & me).

b) confirm that I did not have answers to some specific questions he raised.

Also, Kenley wants to review WR/AT files to be sure has all cc's he needs. I suggested best way to do that is to visit office & make cc's as needed. He will call to make arrangements for that.

Protest writ on hearing - October is not good time for him to meet due to other commitments.
