RE: TRANSFER APPLICATION NO. 5284 FOR FEASE/ELLEN SOHN

Dear Mr. Loucks:

I spoke with Tim Fease today about the transfer application to change the use of two shares of ditch company water for use at the nursery. A few minor clarifications to the application were made by this office. The changes do not alter the substance of the application.

The changes shown in blue ink on the attached original include the following points:

1. Page 1 - clarification about the point of diversion and place of use.

2. Pages 8 and 9 - clarification about the volume of water available for two acres. The annual volume diverted (9 af) rather than the total volume consumed (7 af) for two acres should be used.

Because the transfer is a notarized document, your approval of the changes is needed. Please initial and date the spot indicated at the top of page 1 and return the original to me at your earliest convenience. Please call me at 334-2190 if you have any questions about this matter.

Thank you for your help.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Steve Lester'.

Steve Lester
Water Rights Supervisor
