RE: Application 67-14975

The true reason for the
pond may be for future
subdivision not
livestock

Kevin A. Madsen

Dear Vicki Music and whom it may concern:

I hereby request a 60 day extension to the period to file formal protest. I did not receive notice till 8/22/09 when I was a concerned party (affected) before June of 2009 even before the application was submitted.

I protest the application since there is not Grossen Creek water available. It is dried up above the proposed diversion point by 1899 and 1918 priority dates. The only water that reaches this location is floodwater and East Fork Ditch water. See map.

Plus for dam safety, environmental

health, wildlife reasons.

The water that it would divert currently ~~support~~ support wildlife habitat immediately below Hwy 95 and water to the Council Community Pond.

Plus instead of granting a permit they could be fine for constructing a dangerous pond without a permit. It is immediately above Cenex Gas station and HWY 95.

If the info exceeds out-flow ~~the~~ and the Dam breaks/fails massive damage environmentally and possible loss of life (Hwy 95 accidents and slow response time by fire and first responders just NW of location).
I hereby formally object to this application. Kevin A. Madsen

Re: Application No(s). 67-14975

Dear Mr. Madsen:

Attached are copies of one or more applications that may be of interest to you. Please contact the applicant(s) if you have concerns about the application(s).

If you desire to file a formal protest against approval of the application(s), a written protest along with the \$25.00 protest fee for each application protested must be received in this office by September 8, 2009.

Please contact this office at 208-334-2190 if you have any questions regarding the application(s).

Sincerely,

Denise Buffington
Administrative Assistant
