RE: Fire Protection Pond Permit 78-7360

Dear Mr. Francis:

The Idaho Department of Water Resources (IDWR) is attempting to contact the current owner of the property known as parcel # RP22N01E264376A. The Idaho County __ assessor's records show that you are the owner of the property at this time, if you do not own the property in question please disregard this notice.

IDWR has a permit on file, 78-7360 (copy enclosed), that authorizes a pond for fire protection uses within the aforementioned property boundaries. The next step in the water appropriation process is for a field examination to be conducted and a license to be issued that will characterize the extent of beneficial use that has occurred in connection with the pond.

I will be in the New Meadows area Tuesday July 14, 2009 and would like to schedule a time with you that I can gain access to the pond in order to complete a field examination.

Please contact me at (208) 287-4944 to schedule a time to meet or if you have any questions in regard to this matter.

Sincerely,

Cherie Padilla
Water Resource Agent
Water Allocation Bureau
