RE: Water Right Permit No: 77-14317

Dear Permit Holder(s):

The Department of Water Resources (IDWR) issued permit 77-14317 as a preliminary order on August 13, 2009. The preliminary order became final on August 27, 2009.

The Department inadvertently issued permit 77-14317 without conditions necessary to comply with the 2004 stipulation for the administration of water rights tributary to the federal wild and scenic rivers.

To correct this, the Department has issued the enclosed revised permit for 77-14317. The enclosed permit is a revised **final order** issued by the Department pursuant to Rule 760 of IDWR's Rules of Procedure (IDAPA 37.01.01.760). It supersedes the permit issued on August 13, 2009. Any party may petition for reconsideration of the final order or appeal to district court as described in the enclosed information sheet.

If you have questions, please contact me at (208) 287-4916.

Sincerely,

Craig L. Saxton
Water Rights Supervisor
