FINDINGS OF FACT

1. On April 4, 2007, SPF Water Engineering, consultant, filed an application for transfer with the Idaho Department of Water Resources (IDWR). This transfer was filed on behalf of Roylance Investments LLC & Corinthian Land Investments LLC.
2. On June 5, 2008, IDWR received a letter from SPF Water Engineering regarding the status of the application. Per the consultant, this planned development was currently on hold; therefore there was no need to change the water right at that time. This was a request to suspend processing of the transfer application. The letter also indicated that Corinthian Land Investments LLC no longer held an interest in the property or water right. Ownership is currently held by Roylance Investments LLC and Five R Properties LLC.
3. On June 6, 2008, IDWR sent the consultant a letter, honoring the request to suspend processing. The application was placed on hold, with a one-year "delay in processing". The response deadline was set for June 8, 2009.
4. On June 19, 2009, IDWR sent the consultant a letter, requesting additional information and an update on the status of the project.
5. To date, IDWR has received no response from SPF Water Engineering, or the applicant.

CONCLUSIONS OF LAW

1. Idaho Code (IC) § 42-204 and the Rules and Regulations of IDWR state that if an applicant does not submit the requested information to IDWR within the allotted time frame, IDWR may reject the application.
2. SPF Water Engineering and Roylance Investments LLC et al failed or refused to provide the requested information to IDWR. The application should be rejected.
