Subject: transfer application in the name of Augustus

Hi Steve,

I received a call from Rebecca Augustus inquiring about a transfer application that was filed in January of 2006. She was wondering about the status. I explained to her that if we received the application, it would be at your office, probably backlogged due to our alternate priorities of late. It was difficult to confirm if the application was ever received, so I told her I would have someone from your office get back to her. The transfer is for wr 79-4009B and would be in the name of Rebecca or Albert Augustus. Their number is 208-839-2836. Could you have someone check and get back to her?

Thanks,
Jeff

Called & spoke to Albert A., explained delay,
e SUBA is trying to get back on track.

Guessing maybe this summer processing could start
up for this one

- ① - already done
- ② - file 1/06 so pretty good place to hit
for that category in #1
