95-8990

Dear Sir:

This is in regard to a conversation with Eric Davis on the phone.

~~My~~ Few I had my property logged back a years ago and my water line was torn up at that time my Dad was sick and just passed away in Oct this year and so I did not go to Idaho to take care of this

I plan on going and spending all summer standing in April to take care of my water and other things.

I would like for you to give me the opportunity to do this

THANKS YOU

Armando [Signature]
