Describe the reason for the proposed changes

Our farm in Sec. 34 has only late-priority groundwater rights, so we want to exchange these with early rights from other land that we own. This transfer brings in the early rights, and a companion transfer will move the late rights to the land that the early rights are coming. Land will continue to be irrigated as it is now unless priority cuts require acreage reductions. Transfer also adds Richard B Dalley Jr & Stacey Dalley as owners of the land in Sec. 7.

4. FOR CHANGES IN NATURE OF USE ONLY

A. Describe the expected quantity of the return flows and location of discharge after the proposed change

B. Describe the effects on other water uses resulting from the proposed change
