RE: Permit No. 95-9488

Dear Permit Holders:

The Department acknowledged receipt of your statement of completion for proof of beneficial use ("proof") filed for the above referenced permit in a letter to you dated August 19, 2009. However, the Department cannot accept the form you filed because of inaccurate information used on the form. Apparently the proof statement submitted was filled out using information from a different water right all together, and might have been signed by an individual unauthorized to sign on behalf of the corporation.

I am returning the original proof statement to you along with another blank statement of completion or ("proof") form. If the water has been applied to its beneficial use, please complete the new form using information that more accurately matches the source of water, extent of use and total rate of diversion for the above referenced permit. Please return it to me in the enclosed self addressed stamped envelope. To provide you with information regarding the permitted water uses and rate of diversion, enclosed is a copy of the permit for your reference.

If you have not fully completed your project, and you or a previous owner of this permit have not received a prior extension of time, you may request an extension of time if the delay is for reasonable cause as provided in Section 42-204, Idaho Code. If you have been delayed by a federal agency or by litigation that brings title to the water in question, an extension of time may be granted if appropriate documentation is provided at the time of filing. An extension request must be accompanied by a \$50.00 filing fee and signed by the appropriate authorized permit holder(s) or authorized representative with a power of attorney.

I will hold this matter for **15-days** from the date of this letter to wait for your response. If there is no response, I will lapse the permit and refund the filing fee you have paid.

Please contact me at (208) 287-4945, if you have any questions.

Sincerely,

Darla Block, Technical Records Specialist
