RE: Permit No. 67-14475

Dear Permit Holder:

The Department has received an email from Watermaster Brandi Horton regarding the permit condition which requires a lockable diversion and measuring device. As of this date, the Department has not received a written request from you for a waiver of the requirement.

If you would like the Department to waive the condition which requires the installation of a measuring device and lockable controlling works, please submit a written request which details the reason for your request.

If you have any questions, please feel free to contact me at 208-287-4952.

Sincerely,
