Re: *Map in support of Petition for Reconsideration – Application for Permit No. 55-13885*
Our File No. 5898-4

Dear Steve:

Enclosed please find a map showing the points of diversion and place of use for Thunder Mountain Resources, Inc.'s, Application for Permit No. 55-13885. I believe the map contains all of the elements we discussed are necessary for the Department to review Thunder Mountain Resources's Petition for Reconsideration of the Department's preliminary permit approval.

Please note that this map shows a point of diversion in the NWSWSW of Section 3, rather than in the NESWSW as described in the Petition for Reconsideration. Further investigation by Thunder Mountain Resources revealed that the location shown on the enclosed map is correct.

If you have any questions concerning this matter, please do not hesitate to contact me.

Sincerely,

Michael P. Lawrence
